

PARKING INFORMATION

Please scratch the date & hang the CD (green) parking permit on your rear-view mirror. The patient parking spots are located in the P parking lot (see the map below). Go to the 3rd stop sign, turn into the P parking lot. Once in the lot, turn left and the spaces on the left, facing the drive are patient designated parking. Spaces are also available north of the Frances Searle building on the street, marked "RESERVED". Please park only where it is indicated on the map, highlighted in green.

Please recycle this map back to the Audiology Clinic Secretary!
